

As a member of National Beta and as a citizen of my community, state, and nation I believe in and shall strive to promote the principles of:

## **HONESTY**

Knowing that honesty is necessary to the formation of good character, and that the principles of honesty dictate that I not only refrain from acts of dishonesty; but that I perform my duties fully and take advantage of the opportunities afforded me by my circumstances.

## **SERVICE**

Being convinced that the rendering of helpful service to my fellowman is a duty and privilege conferred upon me by my forebears and by my environment and that I can attain lasting satisfaction only by rendering such service to the best of my ability.

## **RESPONSIBILITY**

Believing that full happiness is possible only through full acceptance of responsibility for my actions and for preserving and passing my rich inheritance on to coming generations.

## **HUMILITY**

Being convinced that humbleness of spirit is the only proper attitude for me to maintain in my relation with my associates, and that such spirit and attitude will make for my own peace of mind and for the well-being of those with whom I come in contact.

## **JUSTICE**

Believing that it is only right and proper that I should be just and fair in my dealings with my fellowman; that I should condemn no one without giving him a chance to defend himself; and that I should consider all factors before forming an opinion of another's motives, or before passing judgment upon his actions.

## **COOPERATION**

Knowing that I must work closely and in a friendly manner with others in this day of highly organized social and economic endeavor; and that I must respect authority and strive at all times to be dependable- if I am to be of greatest helpfulness to society.

## **INDUSTRIOUSNESS**

Being aware of the fact that- if I am to be a factor for progress in my community and a real help to my associates - my mind must be alert to understand and my hands ready to perform promptly and fully the tasks that come my way.

## **CHARITY**

Knowing that if I am- tolerant in my appraisal of the ideas of others; generous in the use of my worldly assets; considerate of the rights of others; courteous in my actions toward all alike; gentle in my efforts to correct errors in others; kind in the exercise of my duties - I shall then be better able to contribute to the happiness of myself and others.
